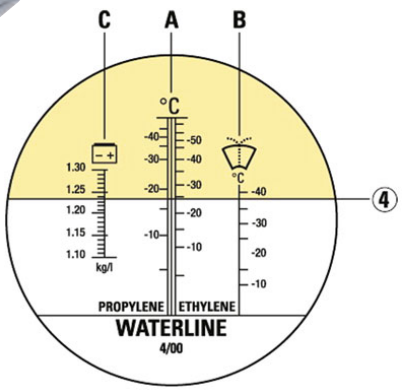
Refractometer

FT 2030 AL

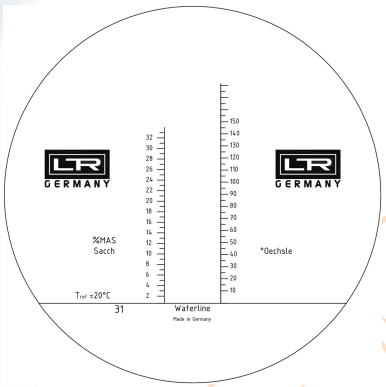


Refractometer

- Radiator antifreeze
- windshield washer
- battery acid
- optical indication via light / dark separation line
- adjustable ocular for setting up the personal visual acuity
- delivered in case with sampling pipette

options:
- various color combination on request
- customized prism flap

RFM Oechsle



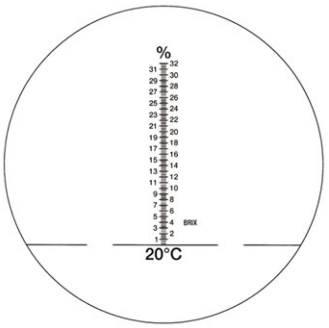
Refractometer with °Oechsle scale

(The density is expressed by the alcoholic strength in degrees Oechsle)

- optical indication via light / dark separation line
- adjustable ocular for setting up the personal visual acuity
- delivered in case with sampling pipette

options:
- various color combination on request
- customized prism flap

RFM 01



Refractometer with BRIX scale

To determine the exact ratio of the water feed to the quantity of sugar.

- optical indication via light / dark separation line
- adjustable ocular for setting up the personal visual acuity
- delivered in case with sampling pipette

options:
- various color combination on request
- customized prism flap

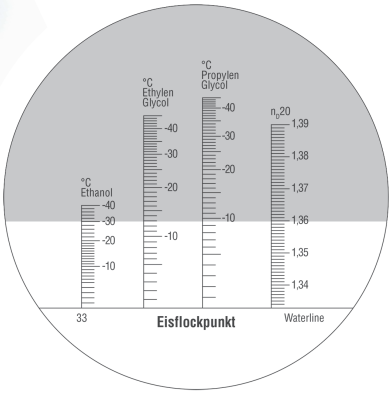
Refractometer

RFM 02 AB LR



Refractometer for Solar plants

Refractometer for testing of the following liquids:

- Ethanol
- Ethylen Glycol
- Propylen Glycol
- nD20 index
- optical indication via light / dark separation line
- adjustable ocular for setting up the personal visual acuity

Optionen:
- various color combination on request
- customized prism flap
